P.O Box 44107-00100 GPO
Nairobi

Dear Dr. Zhao Wei Jie,

RE: THANK YOU: 17TH KASH SEMINAR GUEST SPEAKER, FEBRUARY 2012

On behalf of the Director, Kenya Medical Research Institute (KEMRI) and KEMRI Annual Scientific & Health Conference (KASH) Steering Committee, I want to thank you for taking time out of your busy schedule to be the Speaker of Honor at our Monthly KASH meeting on 24th February 2012.

Your presentation on **Traditional Chinese Medicine** was very well received and appreciated by our members. The information in your speech and the real-time demonstration on volunteers on how Traditional Chinese Medicine works was fascinating and timely. Specifically, your talk on Chinese Herbal Medicine; the range of diseases covered; experiences from America, Europe, and Africa; and the future potential for collaboration and partnership in Training, Research and practice as well as the demonstration on volunteers was highly appreciated. Our only regret is that we didn't have more time to discuss with you.

The event was well attended with over one hundred researchers and as guest speaker you played a significant role in the success of the event.

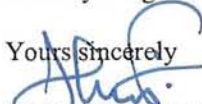

We hope that you enjoyed meeting the members of The Kenya Medical Research Institute (KEMRI) and that you will consider returning in the future to continue the discussion.

We recommend other Research Institutions and Universities to consider you as a guest speaker at one of their upcoming meetings.

In this regard therefore, we look forward to working with you in the future to ensure all potential solutions to human health problems are tapped to achieve highest possible standard of health for each human being.

Thank you again for taking the time to speak at our meeting.

Yours sincerely

Kizito M. Lubano, MBChB, M.Med, MSc, Diplo.
Head, Planning, Monitoring & Evaluation
